Essential Agreements 2017

Essential Agreements are a powerful way of bringing out the best in individuals, small groups, year levels and the entire school. Essentially, they are a collection of positively framed statements devised by those who will be directly affected by them. Each class or grade begins the year by writing their own class Essential Agreement. It allows the students to discuss the type of actions and attitudes they need to have to achieve success in their learning both individually and collaboratively.

Below are the statements your child helped develop in their classroom and agreed to follow in 2017.

In 0CW:

- We are all here to learn, try our best and will have a go.
- We will share the things in our classroom.
- We will concentrate on our job and not distract others.
- We will learn from our mistakes and try and fix them.
- We will be caring and friendly to everyone.
