

Essential Agreements 2017

Heany Park
PRIMARY SCHOOL

Essential Agreements are a powerful way of bringing out the best in individuals, small groups, year levels and the entire school. Essentially, they are a collection of positively framed statements devised by those who will be directly affected by them. Each class or grade begins the year by writing their own class Essential Agreement. It allows the students to discuss the type of actions and attitudes they need to have to achieve success in their learning both individually and collaboratively.

Below are the statements your child helped develop in their classroom and agreed to follow in 2017.

In 3/4 GW

We will act in a careful, tolerant and co-operative way so everybody in our class feels happy and safe.

We will be committed; finishing what we start and not giving up.

We will respect ourselves, others, belongings, and school property.

We will work together, be responsible learners and challenge ourselves to be the best we can.

We will be honest and trustworthy, stick to the rules and be fair.
