## Essential Agreements 2017

*Essential Agreements are a powerful way of bringing out the best in individuals, small groups, year levels and the entire school. Essentially, they are a collection of positively framed statements devised by those who will be directly affected by them. Each class or grade begins the year by writing their own class Essential Agreement. It allows the students to discuss the type of actions and attitudes they need to have to achieve success in their learning both individually and collaboratively.*

*Below are the statements your child helped develop in their classroom and agreed to follow in 2017.*

### In 3DJ, we will:

- look after each other's property and respect the school and its rules
- be enthusiastic and creative learners, who do our best and always give new things a go
- help each other , share ideas and work together
- be honest, obey the rules and play fairly
- come to school with a smile on our face and a positive attitude
