## Essential Agreements 2017

*Essential Agreements are a powerful way of bringing out the best in individuals, small groups, year levels and the entire school. Essentially, they are a collection of positively framed statements devised by those who will be directly affected by them. Each class or grade begins the year by writing their own class Essential Agreement. It allows the students to discuss the type of actions and attitudes they need to have to achieve success in their learning both individually and collaboratively.*

*Below are the statements your child helped develop in their classroom and agreed to follow in 2017.*

### In Grade 4AB, we will:

- Always use our manners, share and be friendly.
- Listen carefully, put our hand up and speak one at a time.
- Concentrate and work quietly following all instructions.
- Be respectful of others, look after our things and school equipment.
- Be organized.
- Move around the room quietly and safely.
