Essential Agreements 2017

Essential Agreements are a powerful way of bringing out the best in individuals, small groups, year levels and the entire school. Essentially, they are a collection of positively framed statements devised by those who will be directly affected by them. Each class or grade begins the year by writing their own class Essential Agreement. It allows the students to discuss the type of actions and attitudes they need to have to achieve success in their learning both individually and collaboratively.

Below are the statements your child helped develop in their classroom and agreed to follow in 2017.

In 5CK, we will:

- ✓ **start each session with confidence and enthusiasm and be curious learners.**
- ✓ **work cooperatively with others and we will tolerate everyone's differences.**
- ✓ **respect everyone's work and ideas, to create a place that feels safe and happy.**
- ✓ **keep the classroom tidy, to have an organised and safe classroom.**
