FOUNDATION - HANDS ON SCIENCE

Wednesday 19th July 2017

Dear Parents,

The Hands On Science company is a group of VIT certified teaching specialists who will be coming to the school to provide a hands on session for our students based on the Science outcome: Science as a Human Endeavour. This will help the students tune in to our next unit of Inquiry's central idea that *Living things use their senses to understand the world around them.*

This session is aligned with the outcomes from the Victorian Curriculum and blends with the IB Primary Years Program. In this session, children will be engaged in a variety of experiments to understand the purpose of their senses and how they work.

This session is 1 ½ hours in duration and costs \$12.50 per child. Permission form and payment must be returned to school no later than Monday 17th July 2017.

Kind regards,

The Foundation Team
