Parent Maths Information Session
I would like to celebrate our second Maths Information session held on 4 August. We had 14 parents attend and the Maths team thoroughly engaged them in the language and concepts of maths. Please see Penny Esposito’s report in this newsletter to find out more.

A Night to Shine
Preparations are well under way to show case student learning in Performing Arts. We are having an evening performance at Rowville Secondary College on 8 September for Years 3-6 at 7pm and an in school performance is planned for Foundation to Year 2 on 10 November at 2:30 – 3:30pm. Don’t forget to purchase your tickets on trybooking.com

Staff Professional Learning
A reminder that tomorrow is a student free day as staff will be engaged in professional learning related to ‘Making Learning Visible’.

Assembly
There will be no assembly on 15 August as many staff are engaged in professional learning in a follow up day to Friday’s work.

Thank you to the Rosairo family for their very kind facilitation of the two professional learning days (12 & 15 August). These two days are based on the work of world renowned professor John Hattie who has researched what impacts student learning the most. School Leaders embarked on this work in December last year and we are now further developing and
embedding the work. High impact strategies will be investigated and unpacked. This work is totally complimentary and supportive of the work we are undertaking as an International Baccalaureate candidate school.

PREP’s 100 Days at school breakfast celebration
All students, teachers and parents had a fun breakfast in their pyjamas yesterday, a great way to start the day. How time flies!

Planning for 2017
Workforce planning for next year is underway. Please can you inform the office if you are planning on a change of school for next year. If you have a child who is beginning school here, enrolling them as soon as possible helps our planning and is really appreciated.

School Council
The next meetings are:
School Council 19 October at 7:00pm
Education and Policy 16 Aug 7:00pm
Buildings, Grounds & facilities 24 Aug 9:00am
Community Relations and PFA 24 Aug 7:00pm
OSHC 17 August 7:30pm
Promotions and marketing 17 August 7:30pm

If you have any questions or concerns please always know that I am available to speak with you. Do not hesitate to contact me by phone or make an appointment via the office.

Kind regards

How We Teach Children MATHS

By Penny Esposito - Maths PLT Leader

On Thursday August 4th, the Maths Professional Learning Team presented a second parent information session on how Maths is taught at Heany Park Primary School at all levels and how parents can support their children at home. This was in response to the feedback we received from our first parent information session and requests for a “Teach the Parents Session” – treat the parents as students, so we know the process, language and tools used in class.

Parents said that they found the second session very informative and loved the set-up, particularly the hands-on addition, subtraction, multiplication and division rotation activities guided by teachers. They valued the opportunity to learn the correct mathematical language, to use materials to model the processes and gleaned a few strategies on how to set-out and record the ‘working out’. Parents also appreciated learning about the HPPS Cloud and investigating our Maths programs on computers and iPads.

Staff and parents agreed that both ‘How we Teach Children Maths’ parent information sessions were valuable and enjoyable. Many thanks to the parents who attended and provided feedback. Here are some of the parent comments:

- I loved the open, relaxed and friendly forum and presentation. It was well communicated and put together. Great passion by the teachers about how they teach Maths.
- Really great informative session to help parents to understand the language and to reinforce at home what is taught in school. It was good that they covered all levels.
- I liked the hands-on with MAB, ICT and examples of language used. It was a great for us to learn.
- There are useful internet links and it was good to learn about the Heany Park Cloud.
- I have left feeling more confident in being able to support my daughter.
- Fantastic – I feel I can now help my son in numeracy in so many ways.
In the weeks leading up to the Rio 2016 Olympics, senior year students had been looking at athletes in action. While drawing these athletes, they had to consider the proportion and shape of limbs. They then had to make identical copies of their drawing by tracing. To create depth, these drawings were mounted on top of each other with due consideration to the parts of the body that is furthest and nearest to the viewer.

TIQBIZ

A note from the Tiqbiz administrators - If you were a parent who only had the whole school option selected in the old version of Tiqbiz, you were automatically switched to receive all year level boxes in the new version. This means you will now receive notices from all year levels, which may not be relevant to you. In the new version, if you select your child/children's year level/s only you will receive their notifications plus any whole school announcements automatically. There is no need to look for the whole school option.
**VICTORIAN PREMIERS’ READING CHALLENGE**

The countdown is on – only 16 days to go until the Reading Challenge finishes for this year at Heany Park!

Any remaining books must be entered onto the Reading Challenge website by Friday August 26th.

Congratulations to all the students who have already finished.

The certificates, for students who have completed the challenge, will be handed out in Term 4. The Online Honour Roll will also be available in Term 4

Please see Michelle in the school library if you have any queries.

Happy reading,
Michelle and the English Committee

**EXCURSION NOTICES**

Due to new government regulations, we need an office copy and a teacher copy of permission slips. Could you please ensure both parts of the permission forms are completed?

Also, we need the child’s full name and grade detailed on the forms. Could you please ensure that the appropriate boxes on the forms are marked?

**SICK BAY**

If your child is/has been sent home in clothes from sick bay, could we please ask that they are returned? The stock we started with at the start of the year has been seriously depleted.

Given the wet weather we are experiencing, it might be worthwhile placing an extra pair of pants and socks in your child’s school bag if they enjoy playing on the oval or football. We have limited supplies of pants available so we may need to resort to ringing parents to bring fresh supplies up to school.

**LOST PROPERTY**

Can I please ask all parents to label their children’s school uniform, especially their jackets? We have a lot of unnamed lost property at the moment.

Could you please also encourage your child to check lost property themselves if anything goes missing? It should also be your first port of call when checking for lost items.

GOING BACK TO WORK?

STUDYING?

INCREASING YOUR WORKING HOURS?

NEED TIME FOR YOURSELF, OR ADDITIONAL SOCIAL INTERACTION FOR YOUR CHILD?

Then you may need care for your child Before and After school hours. We offer high quality care with qualified staff members.

At the end of last year our OSHC service received an overall rating of “Exceeding” during the assessment process run by the Department of Education and Training.

Our program offers stimulating activities and focuses on children’s health and well-being.

We provide a healthy and nutritious breakfast and afternoon tea. Many parents comment that their child/ren won’t eat certain vegetables, etc. at home but eat them at After School Care. Many parents request our recipes, which we are happy to give to them.

Often in the afternoon children negotiate with their parents to stay longer because they are having so much fun. Many parents now deliberately leave their children longer in the hope their children will be happy to leave and go home.

If you are interested in booking your child/ren into the OSHC service, there are vacancies in both the Before School Care and After School service.

For further enquiries or questions please contact the Co-ordinator, Sue Houghten, on 0418 587 460.

Heany Park Primary School - The Weekly Well
Working With Children Checks

Dear Heany Park Families,

Below is an extract from our School Newsletter explaining the reasons and implications of the Working With Children Check

Parent volunteers are a valuable asset to our school. Their contributions and support to our staff and students over the years has helped make Heany Park Primary School the wonderful school it is today.

There are many opportunities for parents to become involved with the school such as assisting teachers and students with classroom activities and reading, volunteering to assist at excursions, camps or sporting events, running programs such as our monthly book club, student banking and much more.

In order to ensure we provide a safe and secure environment for our children and all members of our school community, including our parent volunteers, School Council has asked that from the beginning of the 2014 school year all parents volunteering at Heany Park Primary School hold a current Working With Children Check. This requirement is also in line with the Department of Education and Early Childhood Development guidelines and the Working With Children Act 2005. As of Semester 2, the school requires all parent volunteers to have a current Working With Children Check.

Because of this requirement only people who have a current Working With Children Check and who have been asked by a member of our teaching staff are able to attend and participate in school excursions. If you do attend an excursion you will not be able to join the Heany Park Primary School group for the educational activities or to interact with the students.

It also means that all volunteers, whether for classroom activities, camps, sporting events etc, require a current Working With Children Check.

To apply for a Working With Children Check simply follow these steps:
1. Go online to www.workingwithchildren.vic.gov.au
2. Click on the Apply for Check button
3. Scroll to the bottom of the page and click on the Start Application button
4. When you have completed all the questions simply print your application and lodge it with a passport size photo at your Local Post Office.

Please ensure that you list Heany Park Primary School as an organisation at which you are volunteering.

There is no cost to apply for a Working With Children Check for parent volunteers. There may however be a cost involved with obtaining a passport size photo. A card will be issued to you once all checks have been passed and this card will be valid for 5 years and can be used when volunteering at sporting clubs, kindergartens and so on, providing the organisation is listed on your application.

Thank you for your support.
