International Baccalaureate Information Session – 31 August 9:00am - 10:00am

Thank you to the staff that facilitated this information session. It was good to work with the 18 parents who attended and learnt more about the engaging, challenging and relevant programme that we are developing at Heany Park PS.

A Night to Shine

We are very excited that tonight is the night for our evening performance of our Performing Arts Years 3-6 at Rowville Secondary College. The rehearsal went well today and we are looking forward to an evening of entertainment. The children have worked very hard to deliver this.
**Book Week Parade**

This was a very student friendly whole school event and it was a joy to see everyone participating and promoting our wonderful Australian authors and the love of literature.

**Staffing**

Mrs Wheaton will embark on family leave at the end of this term, we wish her all the very best and look forward to her returning with her new bundle of joy.

**Planning for 2017**

Workforce planning for next year is underway. Please can you inform the office if you are planning on a change of school for next year. If you have a child who is beginning school here, enrolling them as soon as possible helps our planning and is really appreciated.

**School Council**

The next meetings are:
- School Council 19 October at 7:00pm
- Education and Policy 11 October 7:00pm
- Buildings, Grounds & Facilities 12 Oct 6:15pm
- Community Relations and PFA 12 Oct 7:00pm
- OSHC 14 November 7:30pm
- Promotions and Marketing TBA
**Child Safety - Victoria’s child safe standards**

In 2013, the Victorian Parliament held an inquiry into the Handling of Child Abuse by Religious and Other Non-Government Organisations, resulting in the Betrayal of Trust Report. The report found that more could be done to strengthen existing approaches to child safety. In response, the Victorian Government is phasing in child safe standards for organisations that work with children, including schools.

*What are the standards? Please see attached the document ‘Safety at your child’s school’.*

We believe that we already have a safe environment for children at school but the child safe standards work is changing some of the things we do and the processes we follow.

Children have the right to be safe and protected, including at school. It is important that your child is safe and well in the care of our school. Schools are responsible for keeping children safe. Schools have to meet legal requirements for the care, safety and welfare of students. They also need to meet child safe standards to achieve a zero-tolerance approach to child abuse.

To this end we have developed a new ‘Child Safety Code of Conduct’. This code of conduct will need to be signed by each staff member, each volunteer who is not a parent of a child at the school and each School Councillor.

**Strategies to promote child empowerment and participation and standards of behaviour:**

Our International Baccalaureate Programme of Inquiry is a cohesive, balanced transdisciplinary approach to curriculum planning. The programme philosophy is embedded in the IB mission statement and also in our newly revised school mission statement. The final version of the mission statement will be released on 20 October next term. It is currently going through a process that ensures all stakeholders have a voice in its development. Staff, School Council and Junior School Council have had input so far and this week and next week all of the students will have an opportunity to have input through their class teacher. Parent voice has been recruited via Kym Ryan in previous newsletters. Our mission statement is supported and strengthened by the development of the qualities of the learner profile which are being embedded throughout the Programme of Inquiry. The learner attitudes are the behaviours we expect to be exhibited by our students, staff and community. The development and understanding of the School mission statement, the learner profile and attitudes promotes the standards of behaviour we expect across our school community.

**Healthy and respectful relationships (including sexuality), resilience and child abuse awareness and prevention must be part of our school curriculum.** This work is already included within the programme of inquiry but over the next two years will become more clearly defined and explicit where it naturally fits. A unit of inquiry is taught in each class each year in the transdisciplinary theme of WHO WE ARE. This is naturally incorporates much of this work. Curriculum mapping will occur and we will advise you of this work as it unfolds.
**Future Policy development at Heany Park PS**

All new policies and policy evaluation and renewals will be developed with the above information and strategies guiding the work.

If you have any questions or concerns please always know that I am available to speak with you. Do not hesitate to contact me by phone or make an appointment via the office.

Kind regards

Janet Evison
SAFETY AT YOUR CHILD’S SCHOOL

Children have the right to be safe and protected, including at school. It is important that you feel confident that your child is safe and well in the care of their school.

Schools are responsible for keeping children safe. Schools have to meet legal requirements for the care, safety and welfare of students. From 1 August 2016, they also need to meet child safe standards to achieve a zero-tolerance approach to child abuse.

This information sheet provides information for parents about the child safe standards and how your school must protect children from child abuse.

What information should your school provide to you?

From 1 August 2016, schools must inform the school community about the following:

- strategies to embed a culture of child safety at the school, and roles and responsibilities within the school for achieving these strategies
- the school’s child safety policy or statement of commitment to child safety.

You can ask to see these things. You could also ask to see the school’s:

- code of conduct outlining clear expectations for appropriate behaviour by school staff with children (this must be publicly available)
- strategies to promote child empowerment and participation, e.g. delivering appropriate education about standards of behaviour for students attending the school, healthy and respectful relationships (including sexuality), resilience and child abuse awareness and prevention
- procedures for reporting suspected child abuse (this must be publicly available).

If you believe the school could take a stronger approach to child safety, whether for all children or to meet your child’s specific needs, speak to the principal or someone in a leadership role at the school.

If you wish to make a formal complaint that the school is not meeting the child safe standards, you will first need to make a complaint directly to the school. If you are not satisfied with the outcome of your complaint to the school, you can make a formal complaint. More information about making a complaint is available at www.vrqs.vic.gov.au.

Victoria’s child safe standards

In 2013, the Victorian Parliament held an Inquiry into the Handling of Child Abuse by Religious and Other Non-Government Organisations, resulting in the Betrayal of Trust Report.

The report found that more could be done to strengthen existing approaches to child safety. In response, the Victorian Government is phasing in child safe standards for organisations that work with children, including schools.

Indonesian Reflection

On the 17th August Jasper, Kayla, Kynan and myself travelled with Ibu Brown and visited the Indonesian Consulate for the flag raising ceremony of Independence Day. We watched as the flag was raised and listened while the people sang their national anthem. After the ceremony, we had photos taken with lots of people from the Consulate and some Indonesian scouts.

We were also very lucky to have some Indonesian snacks. They were ‘lontong isi daging’ - rice with a meat filling wrapped in a banana leaf, ‘tahu isi’ - vegetable stuffed tahu and I can’t forget the dessert! ‘Kue lapis’ was rice in coconut milk and coloured red and pink.

We would love to thank Ibu Brown for taking us and making this a day to remember. Terima kasih!

We would also like to say thank you to the Consulate for making this visit possible and to say thank you soooooo much to the people who cooked the food.

We greatly appreciate everything that happened and it was such an amazing day.

Amali, on behalf of Kayla, Jasper and Kynan

Pointilism

Georges Seurat was a French painter who is noted for his innovative painting technique known as Pointilism. He painted with multi-coloured dots placed very close to each other, to allow the viewer’s eye to blend the colours optically rather than using pre-mixed paint. Students in Foundation Year demonstrated great perseverance in creating their Pointilism artwork by using cotton buds.

‘i sea, i care’ Ambassadors in Action...

On a beautiful winters day last month, Ambassadors from almost 25 schools across the Melbourne region gathered for their workshop on ‘Litter and Pollution in the Catchments’ at Banyan Reserve. After watching the crew from Melbourne Water empty the litter trap, the Ambassadors then learnt how the range of invertebrates in the wetlands show the health of the waterways and tested the water quality. They also did a great job of collecting rubbish.

Wetlands like these are constructed to channel stormwater and clean the water of rubbish and pollution before it finds its way to the bay. This is an incredibly important protection for our precious marine environment in Port Phillip. The crews work very hard, looking after 176 similar sites across Melbourne.

In the afternoon, we walked along Kananook Creek to the floating litter trap as a reminder that all drains and creeks lead to the bay and at every step along the way, there are pressures from human impact. Every effort we make in our community to lessen that impact is fantastic!

Many thanks to Mitch, John and the crew at Melbourne Water for the amazing support you give us over the year.

WINTER WHALES

Winters in our bays and surrounding coastal waters have become a busy time for whale activity. Humpback and southern right whales are being seen regularly in our waters.

Hunted to the edge of extinction during the industrial whaling era, humpback and southern right whales are making a comeback, though the latter still have a long way to go. The east coast population of humpback whales is expected to reach around 26,000 animals this season.

The news is not so good for the slow-to-reproduce southern right whale, with their southeast Australian numbers estimated to be between just 224 and 251.

The Dolphin Research Institute has joined with Wildlife Coast Cruises and Killer Whales Australia to form the citizen science initiative; Two Bays Whale Project. We invite people and organisations to report sightings and contribute images of whales to a collaborative database. This forms the basis of an annual summary that is available to wildlife managers and other government organisations to assist with management decisions and conservation measures.

Data collected over the years can be used to compare sighting rates and monitor changes in behaviour. It gives an overall understanding to trends in numbers of animals visiting our waters.

Victoria’s whale watching regulations prevent boats from approaching whales closer than 200 metres. For PWCs (jetskis and the like) the minimum distance is 300 metres. Serious penalties apply for breaches of this regulation.

GOING BACK TO WORK?

STUDying?

INCREASING YOUR WORKING HOURS?

NEED TIME FOR YOURSELF, OR ADDITIONAL SOCIAL INTERACTION FOR YOUR CHILD?

Then you may need care for your child Before and After school hours. We offer high quality care with qualified staff members.

At the end of last year our OSHC service received an overall rating of “Exceeding” during the assessment process run by the Department of Education and Training.

Our program offers stimulating activities and focuses on children’s health and well-being.

We provide a healthy and nutritious breakfast and afternoon tea. Many parents comment that their child/ren won’t eat certain vegetables, etc. at home but eat them at After School Care. Many parents request our recipes, which we are happy to give to them.

Often in the afternoon children negotiate with their parents to stay longer because they are having so much fun. Many parents now deliberately leave their children longer in the hope their children will be happy to leave and go home.

If you are interested in booking your child/ren into the OSHC service, there are vacancies in both the Before School Care and After School service.

For further enquiries or questions please contact the Co-ordinator, Sue Houghten, on 0418 587 460.

Working With Children Checks

Dear Heany Park Families,

Below is an extract from our School Newsletter explaining the reasons and implications of the Working With Children Check

Parent volunteers are a valuable asset to our school. Their contributions and support to our staff and students over the years has helped make Heany Park Primary School the wonderful school it is today.

There are many opportunities for parents to become involved with the school such as assisting teachers and students with classroom activities and reading, volunteering to assist at excursions, camps or sporting events, running programs such as our monthly book club, student banking and much more.

In order to ensure we provide a safe and secure environment for our children and all members of our school community, including our parent volunteers, School Council has asked that from the beginning of the 2014 school year all parents volunteering at Heany Park Primary School hold a current Working With Children Check. This requirement is also in line with the Department of Education and Early Childhood Development guidelines and the Working With Children Act 2005. As of Semester 2, the school requires all parent volunteers to have a current Working With Children Check.

Because of this requirement only people who have a current Working With Children Check and who have been asked by a member of our teaching staff are able to attend and participate in school excursions. If you do attend an excursion you will not be able to join the Heany Park Primary School group for the educational activities or to interact with the students.

It also means that all volunteers, whether for classroom activities, camps, sporting events etc, require a current Working With Children Check.

To apply for a Working With Children Check simply follow these steps:
1. Go online to www.workingwithchildren.vic.gov.au
2. Click on the Apply for Check button
3. Scroll to the bottom of the page and click on the Start Application button
4. When you have completed all the questions simply print your application and lodge it with a passport size photo at your Local Post Office.

Please ensure that you list Heany Park Primary School as an organisation at which you are volunteering.

There is no cost to apply for a Working With Children Check for parent volunteers. There may however be a cost involved with obtaining a passport size photo. A card will be issued to you once all checks have been passed and this card will be valid for 5 years and can be used when volunteering at sporting clubs, kindergartens and so on, providing the organisation is listed on your application.

Thank you for your support.
