TERM 2 PREP PERCEPTUAL MOTOR PROGRAM (P.M.P)

March 18th 2016
Dear Parents,

Perceptual Motor Program (PMP) will recommence in Week 1, Term 2 (Tuesday 12th and Thursday 14th of April) for all students in Foundation in the school gymnasium.

Thank you to all of those parents who have assisted over the course of Term 1. The children and teachers greatly appreciate your help. As in last term, we wish to make a roster for all of the helpers to ensure that we have enough help each week. As your availability may have changed, we would like you to confirm that you are still able to continue to help. There may also be other parents who are able to help this term that were unable to last term.

Those of you who have already assisted with PMP would understand the value of this program. To make this program succeed, we require a number of parents to be involved to ensure effective small group instruction and attention to individual needs. Parent helpers will work with a group of approximately 6 students at a time, supervising and assisting children to complete their tasks during each session. It is a very simple, enjoyable and rewarding way to be involved in your child’s educational program!

This year we hope to maximize parent help whilst reducing the number of rostered sessions for each parent, by running one session for all classes together on Tuesday and Thursday afternoons from 2.30-3.30.

Helpers would be rostered to cover the full hour.

The greater the response, the less frequently each parent helper would need to be rostered!

If you are interested in assisting in the program could you please fill in the form below and return it to your child’s teacher by Thursday 24th March.

A roster will be distributed to those parents offering assistance.

Thanking you,
Anne and Cassie
