Stud Park's Community Garden Display

Stud Park Shopping Centre has partnered with our school to work on a community project involving the painting of over 400 pieces of wooden fruits and vegetables. The Marketing Manager of Stud Park commented that the idea behind this activity is to connect students to the local community whilst developing students' awareness of healthy eating options. These artworks will be on display from Monday 26th March till Friday 13th April outside the Kmart and Just Jeans shops. We hope everyone in the school community will make time to visit the shopping centre during the holiday to see this display of excellent artwork.

Junior Years: Healthy Food theme.

Middle Years: Designs using the elements of line, shape and colour.

Senior Years: Lined Patterns
