

Art & Craft Club

At the first Art and Craft Club meeting, I suggested we make Super Heroes with plasticine and all the members liked the idea. So an announcement and invitation was made to all Senior Years students who were interested in this activity. Everyone got a coloured slab of plasticine to model either a Super Hero or a villain. This week, it will be the Years 1 and 2 students' turn to make their Super Heroes. I feel proud that my idea was accepted and everyone enjoyed making their Super Heroes and villains.
